

Metrico

Company factsheet — construction operations SaaS

Stage: Live MVP / early GTM

EN · FA product

Factsheet v1

Metrico is a bilingual construction SaaS / PWA for mid-size developers and contractors: unit sales, installments, project finance, team roles, inventory, maps, and owner updates in one product.

B2B SaaS

Construction PropTech

PWA / offline-capable

EU base planned (Estonia)

Legal name (working)	Metrico (product brand). Estonian company registration planned after Startup Committee path — not claimed completed today.
Founders	Mehrzad Saeedi (product / software / GTM) · Serveh Khoshkalam (finance & accounting consultant/analyst; industrial accounting)
HQ intent	Estonia / EU operating base (see Estonia presence sheet)
Product	Live web app (PWA): units, sales/reservations, finance, owner portal, team plan, inventory, takeoff, energy, tax workflows, maps & regional analytics
Plans	Starter (free) · Plus · Pro · Arc · Team — annual subscriptions
EU list prices	€50 / €100 / €150 / €250 per year (Plus / Pro / Arc / Team) — Starter free
Languages	English + Persian (RTL)
Traction stance	Live product + labeled demo for evaluators. No invented paying-customer charts. Early validation via founder field use and small feedback circle.
Ask	Startup Committee recognition / startup code for founder pathway; build EU company, billing, and local validation from Estonia
Demo	https://mehrzad1420.github.io/metrico_by_cursor/index.html — demo@metrico.app (password on request)
Landing	https://mehrzad1420.github.io/metrico_by_cursor/landing/index.html
Contact	hello@metrico.app · mehrzad.saeedi@gmail.com

ONE-LINE POSITIONING

One place for units, money, and owners — built for construction pre-sale → build → handover, not as a generic CRM.
