

Metrico

Founding team — two co-founders (product + accounting/finance design)

Team size: 2 founders

Ownership: 70% / 30%

Team brief v1

Metrico is built by a two-person founding team: a construction operator who owns product and go-to-market, and a co-founder who designs accounting and finance product logic and advises program reforms inside the SaaS. Next hire: one software engineer in Estonia / EU.

Evaluator note. Full English CVs are companion PDFs. Mehrzad's LinkedIn is live. Serveh's public English profile is hosted on this site (LinkedIn alternative when a LinkedIn account is not available) — see profile link below.

Mehrzad Saeedi

Founder · Product, software & go-to-market · 70% intended ownership

- Owns product direction, domain model, and GTM for mid-size developers and contractors.
- Active daily user of Metrico on a live construction project.
- Background: MSc geology (petrology); municipal GIS / urban specialist; ≈10 years across investor, supervising engineer, and superintendent roles.

Serveh Khoshkalam

Co-founder · Finance & accounting consultant / analyst · 30% intended ownership

- Associate Degree, Industrial Accounting — Sanandaj University of Technology (2008, GPA 18/20); Bachelor of Rural Civil Engineering (2015, GPA 18/20).
- Accountant & finance manager, Sepehr Construction Group (2024–Present); prior Mabna Naghshe (2020–2024); commercial-complex accountant (2016–2020).
- At Metrico: finance/accounting consultant and analyst — finds and remediates gaps in accounting modules.

WHY THIS TEAM FITS THE PRODUCT

Construction unit sales and installment finance fail when product design ignores field reality *or* accounting practice. Metrico pairs a builder/operator founder with a practicing construction-finance co-founder (consultant/analyst) so the SaaS encodes both site workflows and money workflows — not a local consultancy stack rebuilt per project.

HIRING PLAN (LEAN)

Today

Two founders (no employees).

Priority #1 hire	One software engineer in Estonia / EU after company base is set.
Office	Home / residence first; physical office only if the team grows.
Feedback circle	Four non-employee reviewers (supervisor, architect, builder, investor perspectives).
